Further information

In the United Kingdom persons under the age of 18 or those classified as vulnerable are protected under government legislation. This means that all organisations who work with people in this category must undertake various measures to identify and safeguard them from harm.

We therefore must ask for your parent or guardian's permission for you to take part in this activity. They are legally responsible for you under UK law and must agree before we can accept you onto the activity.

If you would like to discuss this further please contact SU@soas.ac.uk

Data Protection Act 1998

This information is being collected for SOAS Students' Union safeguarding purposes, information will not be passed on to any external organisation with the exception of the organisation concerned if this is relevant to the activity and only for the purposes of safeguarding the participant or for insurance reasons.
